DISCLAIMER

While the department endeavoured to incorporate all relevant and accessible beneficiators actively engaged in the Republic of South Africa, other players in the industry who we omitted are invited to submit their respective profiles for inclusion in the future publications.

FOREWORD

This is the fourth edition of the Directory of South African Minerals Beneficiators, intended to provide coverage of the mineral beneficiation industry that contributes to the growth of the economy of South Africa.

Through the Directory of South African Minerals Beneficiators the department aims to create a database of beneficiators in appreciation of their contribution to the mineral industry of South Africa. The directory is also used as a marketing tool for beneficiators and is circulated at various investment promotion activities.
